Education

University of Arkansas at Little Rock Expected Dec 2029
Bachelor of Science in Computer Science

Experience

Big Brothers Big Sisters Oct 2026 - Present
IT Support Intern

- Configure multi-display setups for online meetings with colleagues and mentors
- Update office PCs and connect staff devices to printers

University of Arkansas at Little Rock Aug 2026 - Present
Learning Assistant - Artificial Intelligence (CPSI 48303-01), Dr. Elfikky

Arkansas Summer Research Institute May - June 2026
Science Camp Participant

- Designed a study comparing housing, internet access, and education in urban and rural California
- Tested hypotheses and visualized data trends using Python
- Presented study findings during the Arkansas Summer Research Institute science camp

Projects

Fiveplay Controller In progress
github.com/slihono/fiveplay-controller-demo

- Added JavaScript controller input and an interactive gamepad diagram to an existing browser client
- Implemented button remapping, stick dead zones, sensitivity controls, and saved controller profiles
- Added a browser test page and tests for mapping, disconnect handling, and the Python server

Smart Alarm

- Built an ESP32 alarm prototype using Python, with a buzzer, LCD screen, buttons, and an amplifier
- Used a weather API to retrieve temperature data for the local area

Personal Portfolio Website

- Developing a personal portfolio website using HTML, CSS, and JavaScript

Volunteer Experience

The Summit Church Nov 2025
IT Services Volunteer

- Configured MacBook and iMac accounts, reset devices, and installed macOS updates
- Configured Splashtop Streamer for remote support and connected a printer and Ethernet camera
- Installed and organized Ethernet cabling and updated HTML pages and Word documents

Skills

Programming: Python, C++, MicroPython
Web: HTML, CSS; reading and modifying existing JavaScript
Hardware and tools: ESP32, Git, printer setup, multi-display configuration
